September Wednesday 1 st Thursday 2 nd	INSET Day – school closed to children Children return to school

Arts Week

Things are a little different in school this week! Although they can't all work together physically, every child in school is taking part in a shared art project, based on 'Tiger in a Tropical Storm' by Henri Rousseau. On Monday we all took part in an online assembly to introduce the week; following that, each class has been working hard to create work inspired by Rousseau's painting, ready for an art gallery finale on Friday. We can't wait to share some photos of the finished products!

Covid Update

Once again we'd like to thank everybody for continuing to follow Covid guidance. While we continue to work within bubbles etc, I'm pleased to let you know that we are beginning to make some small changes in school that make things feel a little more normal. For example, some classes are now able to have their tables arranged in groups, rather than all facing the front of the class. As you'll see above, we also have some outdoor events booked in! Even as we move towards the end of national restrictions though, we would still like to ask parents and carers to wear masks on site during drop off and pick up and to follow distancing guidance at these times. Thank you very much for your support with this. Hopefully not long now!

Governor Vacancy

We are currently looking to recruit a new parent governor. Being on the governing body is a great way to learn more about school and become actively involved in school life. We're very lucky to have an extremely friendly and supportive group of governors and would love to welcome a new parent into the team! If you'd like to learn more about the role, with no obligation, please phone school on 01909 550557 or email office@greenlandsprimary.org. We'd love to speak to you and provide any information you might need.

Sports Day

As you know from the recent letter, we have plans in place for a whole school sports day this summer. This will take place on **Wednesday 30th June** (weather permitting) with a back-up date of Wednesday 7th July just in case! The event will start at 9.30am with an approximate finish time of 11am. We will be putting a number of measures in place to make sure that the event can take place in line with the latest government and DFE Covid guidance. In addition to the things mentioned in the letter, we are asking that a **maximum of 2 adults per family** come to watch; this will help us to provide enough space for social distancing within the viewing areas. Thank you for your support with this. Further information will be sent out closer to the day.

Climbing Wall

I'm delighted to let you know that we've finally been able to open our climbing wall to children in the juniors! We are operating this in line with our Covid-19 risk assessment and have measures in place to ensure there is no risk of contamination between bubbles. It's over a year since it was built, so it really made us all smile to finally see children using it!

Girls' Football

For the rest of this term, there are free girls' football sessions on offer at Dinnington High, every Monday and Tuesday at 4pm-5pm. The sessions will take place on the astroturf at the high school. For more information please email l.kay@dinningtonhigh.co.uk.

Sun Safety

With all the warm weather we're having at the minute, please remember to send children with caps and drinks bottles, and to apply sun cream in the morning. Children may also bring their own labelled sun cream to apply themselves during the day; younger children can be supervised to do this as necessary. Thank you.
