Planned Use 2026/27

Item/project
Additional hours for teaching assistant to provide sporting opportunities at lunchtimes
Release for teaching assistant to work as 'Physical Health Champion', as part of the school's Mental Health and Wellbeing Team
Dinnington High School Sports package (organisation of events, tournaments, training etc.) – Dinnington are funding this beyond term 1
Resources
Contribution to staffing cover to release members of staff to accompany children to sports tournaments and events
Contribution to staffing cover to accommodate long-term Forest Schools provision in 4 classes across the year

Note: The provision of staff training has been included to ensure long-term sustainability. Additionally, resourcing (both in terms of physical resources and time allocations) will be continuously reviewed to this end.

Swimming information

96% of our Y6 children can swim 25 metres.

88% of our Y6 children can swim a range of strokes effectively.

88% of our children can perform a safe self-rescue in different water-based situations.

Impact statement

The planned 2026/2027 package is designed to build on the successes of the previous year where impact has been demonstrated, in hard terms, in the following areas:

More of our children are active

- Structured activity offered during breaktimes offering a range of opportunities for involvement
- Children have access to high quality resources, including those which will expose them to less mainstream sports they may not otherwise consider

Enhanced school profile

- Media coverage of sporting and active-community events at Greenlands
- Greenlands represented at a wide range of community and school sporting events, with dedicated staff resource
